REQUEST FOR CERTIFICATE OF CORRECTION OF
PATENTEES' MISTAKES (37 CFR SECTION 1.323)

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Attention: Certificate of Correction Branch

Sir:

Enclosed is Form PTO-1050 which indicates an error in the above-identified patent to be corrected. Please correct the above-identified patent as follows:

Please correct the above-identified patent as follows:

Column 1,

line 21, after "patent", please insert -- and also under 35 USC § 119 from the now abandoned Czechoslovakian patent application PV-709-92 (filed March 11, 1992) --.

REMARKS

The correction at column 1, line 21 is necessary to have the first paragraph of the patent be consistent with the

priority data on the cover page of the patent and the foreign priority information available on PTO PAIR. Applicants respectfully request that correction to assure that there is no question that priority to the now abandoned Czechoslovakian patent application PV-709-92 (filed March 11, 1992) is claimed for the subject patent. That information had been inadvertently deleted from said first paragraph during the prosecution of the subject patent.

The Patentees respectfully point out that the requested correction does not involve a change in the patent that would constitute any new matter or which would require reexamination, and thus respectfully request that a Certificate of Correction be issued.

Patentees further respectfully point out that the error could be considered an "error of consequence," and in accordance with the Manual of Patent Examining Procedure (MPEP) a Certificate of Correction should be issued. A request for payment by credit card of the fee set forth in 37 CFR Section 1.20(a) of \$100 is being electronically submitted herewith. Should any additional fees be determined to be necessary in connection with this paper, Patentees respectfully request that any such additional fees be charged to Deposit Account No. 12-0615.

Please send the Certificate of Correction to:

Respectfully submitted,
